Your NEP specific *Attribute Report* will be mailed by 8/31/08.

For those not familiar with this report, each CLEI request is reviewed for content (per GR-485-CORE). Requests that were submitted as incomplete (missing attribute data) are filtered to the NEP Attribute Report and sent back to the requestor as a reminder that additional information is required. Fields highlighted in red denote missing attributes. Information can be provided via additional documentation or populating the NEP Attribute Report and returning it to CLPCC@telcordia.com.
